ELSEVIER

Volume 59, Numbers 1–2, March–April 1996

JOURNAL OF POWER SOURCES

Contents

Preface vii
R. Wyeth (Melbourne, Vic., Australia)

Keynote Addresses

The Basel Convention: effect on the Asian secondary lead industry 1
J.W. Elmer (Melbourne, Australia)

Review of factors that affect the deep cycling performance of valve-regulated lead/acid batteries 9
K. Peters (Manchester, UK)

Materials for Lead/Acid Batteries

Leady oxide for lead/acid battery positive plates: scope for improvement? 17
M.G. Mayer (London, UK), D.A.J. Rand (Vic., Australia)

A view on chemically synthesized expanders for lead/acid battery negative plates 25
G.I. Aidman (Redlands, CA, USA)

Active-material additives for high-rate lead/acid batteries: have there been any positive advances? 31
K. McGregor (Port Melbourne, Vic., Australia)

Automotive lead/acid battery separators: a global overview 45
W. Böhnstedt (Norderstedt, Germany)

Separators for automotive lead/acid batteries: selection of suitable types for different climate zones 51
H. Endoh (Gifu, Japan)

Lead/Acid Battery Manufacture and Performance

Study and application of several-step tank formation of lead/acid battery plates 59
H. Chen, Y. Wei, Y. Luo (Guangzhou, People's Republic of China), S. Duan (Beijing, People's Republic of China)

Microstructure and properties of continuously cast, lead-alloy strip for lead/acid battery grids 63
N.-Y. Tang, E.M.L. Valeriote, J. Sklarchuk (Mississauga, Ont., Canada)

The effects of geometrical and process variables on the quality of cast-on-strap joints 71
S.M. Cook, C.S. Lakshmi, J.B. See (Boolaroo, NSW, Australia), D.M. Rice (Melbourne, Vic., Australia)

Lead/acid battery myths 81
P.T. Moseley (Research Triangle Park, NC, USA)

When is capacity loss in lead/acid batteries 'premature'? 87
A.F. Hollenkamp (Port Melbourne, Vic., Australia)

Requirements for batteries in remote-area power-supply systems based on technical modelling and field experience 99
D. Butler (Castlemaine, Vic., Australia)

The battery recycling loop: a European perspective 107
F. Ahmed (Gravesend, UK)

Valve-regulated Lead/Acid Batteries

Valve-regulated lead/acid batteries: they are not all the same! 115
L.S. Holden (Blue Bell, PA, USA)

External recombination system for vented lead/acid batteries used in float service 119
C. Zoellner (Brilon, Germany)

Elsevier Science S.A.

Evaluation of lead–calcium–tin–aluminium grid alloys for valve-regulated lead/acid batteries 123
S. Zhong, H.K. Liu, S.X. Dou (Wollongong, NSW, Australia), M. Skyllas-Kazacos (Sydney, NSW, Australia)

A review of physical properties of separators for valve-regulated lead/acid batteries 131
G.C. Zguris (West Groton, MA, USA)

New operational strategies for gelled-electrolyte lead/acid batteries 137
R.H. Newnham, W.G.A. Baldsing (Port Melbourne, Vic., Australia)

Valve-regulated lead/acid batteries for SLI use in Japan 143
T. Isoi, H. Furukawa (Kanagawa, Japan)

Development of valve-regulated lead/acid batteries for distributed power requirements 147
G.J. May (Market Harborough, UK)

Failure modes of valve-regulated lead/acid batteries 153
K. Nakamura, M. Shiomi, K. Takahashi, M. Tsubota (Kyoto, Japan)

Lead/Acid Batteries for Electric Vehicles

Collaboration in research — the ALABC:Brite-EuRam lead/acid electric-vehicle battery project 161
A. Cooper (London, UK)

Valve-regulated lead/acid batteries for electric vehicles: present and future 171
K. Suzuki, K. Nishida, M. Tsubota (Kyoto, Japan)

Evaluation of lead/acid batteries under simulated electric-vehicle duty: development of design parameters on the basis of SFUDS performance 177
A.F. Hollenkamp, L.T. Lam, C.G. Phyland, N.C. Wilson (Port Melbourne, Vic., Australia)

Design and development of a zero-emission scooter for Taiwan 185
C.T. Liu (Hsinchu, Taiwan, ROC), B.M. Lin, J.S. Pan (Hsinchu, Taiwan, ROC)

Expert Panel Discussions

Valve-regulated lead/acid batteries 191
D.A.J. Rand (Vic., Australia), L.S. Holden (Plymouth Meeting, PA, USA), G.J. May (Harborough, UK), R.H. Newnham (Vic., Australia), K. Peters (Manchester, UK)

Lead/acid battery technology 199
J.E. Manders (Melbourne, Vic., Australia), L.T. Lam (Port Melbourne, Vic., Australia), K. Peters (Manchester, UK), R.D. Prengaman (Dallas, TX, USA), E.M. Valeriote (Mississauga, Ont., Canada)

List of Delegates 209
